What is this product?

TYPE OF PRODUCT

The product is a Sub-Fund of Planetarium Fund, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Sub-Fund is established for an unlimited duration. However the Board of Directors may decide to close this product under certain circumstances.

OBJECTIVES

The aim of this Sub-Fund is to outperform the S&P 500 index over the medium term through a selection of funds invested in US market.

The Sub-Fund is actively managed in reference to the S&P 500 Index. The manager may deviate to a material extent from the benchmark in terms of securities and weightings.

This Sub-Fund is a fund of funds offering a concentrated selection of funds having as their investment universe all or some of the equities listed on the US market. Target funds may be generic funds or funds pursuing particular strategies or sectors. Selection is based on a quantitative and qualitative analysis.

The Sub-Fund may hold Ancillary Liquid Assets (up to 20% of its net assets) in order to cover current or exceptional payments or for the time necessary to reinvest those Ancillary Liquid Assets in eligible assets. It may also invest (up to 15% of its net assets) in convertible bonds, deposits and money market instruments.

Sale of shares in the Sub-Fund can be made on any business day.

Please refer to the Prospectus for more information about the Sustainable Finance Disclosure Regulation ("SFDR") classification of the Sub-Fund.

Any income arising from the Sub-Fund's investments is reinvested and reflected in the value of your shares.

INTENDED RETAIL INVESTORS

The product is reserved for institutional investors. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 5 years.

OTHER INFORMATION

The Depository is BNP Paribas Securities Services, Luxembourg Branch.

Further information about the SICAV (including the current Prospectus and most recent annual report) is available in english, and information about the Sub-Fund and other share classes (including the latest prices of shares and translated versions of this document), are available free of charge on www.fundsquare.net or by making a written request to Lemanik Asset Management S.A., 106, route d'Arlon, L-8210 Mamer, Luxembourg or by emailing fund.reporting@lemanik.lu.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the product for 5 years.

The risk can be significantly different if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

Recommended holding period:		5 years		
Example investment		USD 10 000		
		If you exit after 1 year	If you exit after 5 years	
Scenarios				
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.			
Stress scenario	What you might get back after costs	USD 6 240	USD 2 310	
	Average return each year	-37.6%	-25.4%	
Unfavourable scenario	What you might get back after costs	USD 7 490	USD 8 340	This type of scenario occurred for an investment in the product between October 2021 and September 2023.
	Average return each year	-25.1%	-3.6%	
Moderate scenario	What you might get back after costs	USD 11 150	USD 15 260	This type of scenario occurred for an investment in the product between December 2014 and December 2019.
	Average return each year	11.5%	8.8%	
Favourable scenario	What you might get back after costs	USD 16 570	USD 23 340	This type of scenario occurred for an investment in the product between October 2016 and October 2021.

What happens if Lemanik Asset Management S.A. is unable to pay out?

Lemanik Asset Management S.A. is not making any payment to you in relation to this Sub-Fund and you would still be paid in case of a default from Lemanik Asset Management S.A.

The Sub-Fund's assets are held with BNP Paribas Securities Services, Luxembourg Branch and are segregated from the assets of other sub-funds of the Company. The assets of the Sub-Fund cannot be used to pay the debts of other sub-funds of the Company.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does.

The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- USD 10 000 is invested

Investment of USD 10 000	If you exit after 1 year	If you exit after 5 years
Total costs	USD 377	USD 2 832
Annual cost impact (*)	3.8%	3.8%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 12.6% before costs and 8.8% after costs.

We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Please refer to the Prospectus for more information on the specific risks relevant to the product not included in the summary risk indicator.

This product does not include any protection from future market performance, so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	USD 0
Exit costs	We do not charge an exit fee for this product.	USD 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.70% of the value of your investment per year. This is an estimate based on actual costs over the last year.	USD 170
Transaction costs	0.06% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	USD 6
Incidental costs taken under specific conditions		
Performance fees	The performance fee per share is 15% of the difference between the rate of performance of the NAV per share and the rate of performance of the S&P 500 Index, applied to the average net assets of the sub-fund. The Manager may charge a performance fee only if any underperformance in the previous quarters has been completely recovered. The Manager may charge a performance fee only if any underperformance in the previous quarters has been completely recovered. The reference indicator is a combination of a high-water mark (HWM) and the benchmark(S&P 500 index). A performance fee is paid when the sub-fund overperforms the HWM and the benchmark over the calculation period, corresponding to the end of each quarter. The performance fee is calculated and accrued on a daily basis. It is crystallized and paid at the end of each quarter. The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	USD 201

How long should I hold it and can I take my money out early?

Recommended holding period (RHP): 5 years.

The RHP was chosen to provide a consistent return less dependent on market fluctuations.

Redemptions are possible at any time and without limitation. All redemption requests must be received in good order by the Registrar and Transfer Agent prior to 2 p.m (Central European time) on three (3) Business Days (any bank business day in Luxembourg) preceding the relevant calculation day of the NAV. Redemption proceeds shall be paid in the relevant reference currency usually within two (2) Business Days following the relevant calculation day of the NAV.
